Hello Volunteer,

As a regular volunteer you can make a great difference in a child's life by volunteering in several areas of Head Start/ Early Head Start. This may be in the classroom, kitchen, or volunteering in the office. There are many ways for you to get involved in this program. Every individual has a talent and personal strength that can be shared with children.

Our program cannot function without our volunteers. We are a federally funded program and mandated to match the funds we receive with volunteer hours/in-kind (donations). Your contribution of hours will help our program continue to serve the children and families of the eight county areas that we service.

Do you want to make your community better for all families? You can become active in your community and discuss concerns and work with staff for improvement. Working with staff to invite speakers from local agencies, government and public service organizations to help everyone learn about what is going on and what can be done to make things better is one way to help improve your community.

I would like to thank you ahead of time for considering your time to volunteer for our program. Your personal contributions to the quality of life for children and families will give you a sense of accomplishment and pride. Please feel free to contact me with any concerns or suggestions.

Sincerely,

Terri Rickard
Parent Involvement Coordinator
Douglas Cherokee Head Start/Early Head Start
